Join us in the
#OurStoryIsOne
campaign to celebrate
the **resilience** of
Iranian **women** of all
faiths and backgrounds!

This **June** marks **40 years** since the tragic **execution** of **10 Baha'i women** in **Shiraz** for choosing to stand up for their beliefs in **justice** and **equality**.

Their story continues to **echo** in the **resilient women** of Iran who walk the same **path**, make the same **choice**.

The difficult **road** to gender **equality**
in Iran has been **shared** by countless
women of all **faiths** and **backgrounds**.

Our **story** of **resilience** in the face of
oppression is **one**.
